

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

To ,

The Modi Ji,

PM Of India

My name is Vikas Kaushik, I am also a member of BJP. Under the membership ship no-1000403824, Dated – 01/11/14

What happened in politics in Delhi saddened not only me but also crores of Indians like me. No food was prepared in several homes.

I travel from Ghaziabad by train to New Delhi in Karol Bagh in service of Indians and travel back by train in the evening.

As I was travelling back to Ghaziabad. I saw many a disappointed face. Everyone was very sad, No one talking to each other, I observed such type of silence for the first time in the train. Phones were arriving from all quarters of the country that what have you got done, I did not have answer. When I reached home there was a sad mood prevailing in my home too.

Nobody was able to say anything to anybody.

Who so ever met my on the way said the same thing what I had got done.

It should not have been like this. Where are the devoted workers of B.J.P gone? Who used to propagate door to door and from one area to another area.

Where has the shining and enthusiastic face of Modi Ji gone? Where has the lion like roar gone? Where are the slogans which started on seeing Modi Ji- Modi, Modi, Modi, Modi Ji used to speak less but the audience shouted his name more Modi Modi Modi. Where is the crowd of people who used to descend on hearing Modi's lectures. Why did all this happen? How did all this happen in such a short time?

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

Where has that personality disappeared which had brought about such a big voting bank.

Whatever I gather from people's talk or whatever intelligence I have according to that the population of Delhi did not vote for Modi Ji because all the parliamentarians whom the population had passed in the loksabha election. They had not enquired the well – being of the Delhi public.

The whole country voted for Modi and his clean image. The common people voted for Modi because he takes tough decisions.

If Modi is hard working then his soldiers would also be hard working but your seven soldiers spoiled your clean image. Because of which the Modi govt. had to see this day.

Now nobody knows B.J.P. Everybody knows Modi Sarkar. Because your slogan was “**this time Modi Sarkar**”. “Good days will come”. “Achche din aayenge”. Your seven soldier who had passed exam of Delhi public. They did not meet the poor people of their constituency. If soldier does not canvass his area. Then somebody or other will loot the area. That happened in Delhi poll.

If your seven soldiers (Seven M.P) had canvassed their constituency, met the people there, talked to them about their problems, then things would not have turned out so what they have come to now

You started the cleanliness campaign with the broom. Did your ministers do so in their area and encouraged the people to take up the broom.

Your ministers are aware of the problem. But nobody took heed, that's why the common man did not pay attention to Modi Sarkar.

The public had great belief that things would not be like before but your minister did what the last govt. did. The public did not observe any difference.

1. The reason for failure in Delhi.
2. Inflation

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

3. The weakness of Modi govt.
4. Why is not there progress in the area.
5. Some question from Modi ji.
6. On what area should the railway minister concentrate.
7. How will the girl child get educated.
8. How can corruption be reined.
9. Types of corruption.
10. How can make the country prosperous.
11. A polite request to every citizen of India.
12. The biggest reason of frauds and corruption.
13. The educational qualification of ministers.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

The public says that there is no difference between the ministers of congress as well as these of the Modi Sarkar.

That's why the public set out to search something new.

Now the public forgets the Modi Sarkar and bring AAP.

Your minister did not pay heed to the poor they did not go to meet any one. If you will not mingle with the public. How will it remember you. The workers of AAP had set out on their tasks immediately after the loksabha polls.

During the election campaign they met only the poor. Groups of 10-20 went past the same area in the same day and met the people in the night too.

Not even a single worker of the Modi Sarkar went among the poor or the rich. Nor was there any election campaign seen with the exception the of Modi's rally.

Not to remain in contact with the public and work for it, bacame the reason of defeat of the Modi Sarkar.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

The reason for failure in Delhi :-

1. Not to remain in contact with the public and not to work in favor of the public became the reason of failure of party.
2. To provide tickets to out siders.
3. Not pre-announce the candidate.
4. Lack of consensus in the party
5. Lack of knowledge about the chief ministerial candidate till the last moment. If the public does not know then how can it trust. When a party worker does not know who is the chief ministerial candidate, how can he go in the midst the public and work hard.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

INFLATION :-	30-35 Rupees Kg potato
	35/- Rupees kg sugar
	40/- Rupees kg tomatoes and other vegetables
	100/- Rupees kg - Daal
	40/- Rupees kg – Rice
	30/- Rupees kg – Aatta
	48/- Rupees kg – Milk

Besides this the expenses of house rent, electric bill, Water bill, Medicines bill and child expenses.

This kind of inflation prevailed during the congress rule. The public used to hear in Modi's speech that he will eradicate poverty. How can poverty get eradicated?

There were lakhs of schemes run by the congress govt. for the poor. Then also the poverty of the poor could not be eradicated.

Modi govt. arrived and gave the slogan "sabka sath sabka vikas". Then also poverty could not get eradicated. No body under stands, How can poverty be eradicated.

An a poor labourer who earns 100/-, 200/-, 500/- rupees daily. There are some labourers who sit idle the whole day on the road side (chowk) and return home empty handed.

How can the poverty of these people be eradicated? If they get their daily requirement of food, clothing, footwear, will their poverty be eradicated.

He gets his child admitted in a good school. He also gets an opportunity to live. He also gets respect. Then only will get "Sabka sath sabka vikas" be possible with every body's

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

support and every body's development. A 100/- to 500/- rupees earner would buy food, clothing and the requirements of his child or what more could he buy.

Has the Modi Sarkar thought about these poor people. This is the same public which makes a govt (sarkar) or unmakes it. Somebody who is getting mouth full to eat is not concerned with any one, nor does he go out to vote. If these people had gone out to vote then Modi Sarkar would not have won just three seats in Delhi during vidhansabha election..

That poor public which is hardly concerned about OBAMA. He is not concerned about foreign policy. He is not aware of govt. plans, Nor does he want to know about them. Because neither does he read news paper nor does he get the time to hear the radio. He does not have T.V too. He is only in the search a mouth full to feed his children. That I take at least that much food which shall enable the children a full – square meal.

Until the poor get mouth full to eat they will not vote. Modi govt. is supposed to understand that potatoes, rice. Flour (ATTA) and vegetables need to be affordable. when can the poor have his stomach fill, then the poor can sleep peacefully with his children.

There after will be – Sabka sath sabka vikas.

Most of the Indian public is poor. It is not concerned with whether the price of petrol goes up or down because he goes on foot. He has neither car nor motorbike. People who have all means of life go on a picnic on the election day.

Modi govt. got every body's support but Modi govt. did not think about every body's development. Modi Sarkar did not think about the poor man's development. That's why the poor did not think about Modi Sarkar and brought in AAP in Delhi.

There are most educated and experienced person in the Modi Sarkar. But they have not used their experience. They also don't know the price of rice, vegetables, Atta Pulses and milk.

I did not observe any difference between the ministers of congress and Modi Sarkar.

How ?

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

Example = Once Mr. P.Chidambram commented that an Indian does not realize inflation when he opens a bottle of bisleri. Today there is a rise by one rupees and he feels the expense. Someone should ask Mr. Chidambram that a poor labour who can earn only 100/- to 500/- rupees per day cannot think of drinking Bisleri.

If the Modi Sarkar's ministers were aware of the poverty of poor, then rice, pulses, atta, sugar, milk and vegetables would not be selling so expensively.

After witnessing all this Indian public is searching for newer solutions.

The public has given up faith on Modi Sarkar of which Delhi is a live example (AAP)

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

Modi Sarkar's Weaknesses :-

1. Lack of deserving candidates.
2. To provide tickets to out siders.
3. Not to declare chief ministerial candidate.
4. Collision with in the party (Lack of unity of thoughts)
5. Lack of knowledge on part of the public about the leader of the party.
6. Nonsensical claims by BABAS and SADHVIS.
7. After wining elections, disappearance of Modi ji from tv. and newspapers.
8. Arguments related to love-jehad and hindu. Muslim Non-compliance of ceasefire by Pakistan. Repeated terrorist attack on Kashmir.
9. Not giving a suitable reply to Pakistan and China.

If the public is not aware then how can the public have faith. If party workers don't have knowledge about leader/ C.M candidate. Then how can they campaign about him or the party.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

Why is not there progress in area :-

Example :- The name of general V.K Singh was proposed from Ghaziabad. Only a few days ago. Is there a paucity of members within the party. That they have to look out for members out side the party.

General V.K.Singh is aware of the problems affecting the people of the place he belongs to. He is well acquainted with nooks & corners of his birth place.

A person will know very well about the existence of roads, hospitals, Schools whether they are there or not. Where is a need of employment? How can V.K.Singh be aware of the broken roads, blocked drains and dividers and concerns of Ghaziabad's public.

How many villages, blocks and wards exist in Ghaziabad?

Which village does not have a school and which area lacks a hospital. He is hardly aware of it.

If V.K.Singh is not aware of anything then how will it be Sabka sath sabka vikas possible?

Those streets where people which took V.K.Singh and his family members, met 10-20 people on the way and inquired about their problems.

But the tragedy of today is that V.K.Singh does not know the way to those streets. So how can he solve their problems.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

After winning the election, how many times has V.K.Singh visited Ghaziabad and how many people has he met. Nobody knows.

The road which was broken before the election are further dilapidated the drains which were blocked on the main bazaar, are still blocked till date. The shopkeepers have captured the drain also.

It is tragic that all ministers and mayor hail from B.J.P for age. But they have been lacking development. How can the public vote for them next time.

Example: - 2.

Hemamalini was made to fight from Mathura. She won from there in the name of Modi.

It is tragic that Hemamalini is not aware of the culture of Mathura. She does not know about the roads of Mathura and what are the problems affecting the people of Mathura.

When she does not know anything then how can she full fill “Sabka Sath Sabka Vikas”.

She can not go on foot 10 minutes also. She can not walk in the sun. How can she walk with the poor. How can she win the trust of poor.

How many time has she visited Mathura or met the people after winning. How many people has she got rid of problems. How can we bring about “Sabka sath sabka vikas”.

It is because of this that a local party worker does not get proper support and he backs off. Again the Delhi chapter will repeated during next elections.

Modi rath roamed through each and every lane and area. That rath (chariot) was not seen any where after loksabha election, where is the Namoo – Tea stall disappeared, Which served people tea. Where are those workers who went to door to door to make members of the party.

If this had continued. Then there would have been a majority in Maharashtra, Jharkhand and Haryana. Such a position would not have come in Delhi also. (Only three seats) Because what appears is what sells.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

In lok sabha election only Namoo – Tea, Namoo rath and 4-5 Rallies of Modi ji and the surging crowds were witnessed.

As a result. The Modi Sarkar came with such a large majority. If even one worker had done so much in Delhi, then Delhi would not have fallen to this.

Request :- I have a request to you Modi ji that elections are approaching in U.P and Bihar. If you want majority there then declare your C.M candidate. So that people come to know him and party workers work towards meeting the people in their own constituencies. They get involved in holding small Jansabhas.

Apart from B.J.P all other parties have a C.M candidate. Because of its lack in B.J.P it creates doubt in the mind of public about B.J.P.

The Delhi chapter is not repeated in U.P and Bihar please instruct your worker to visit their constituency and start public consciousness and awareness in all wards and localities.

Modi ji kindly do the needful that all the poor people get to eat peacefully. Instead of paying more attention on export. There is a need to reduce the prices of Atta, Rice, Vegetables, Milk and Oil.

Then only the citizen of india will walk hand in hand with Modi Sarkar.

Give order to your ministers to visit their constituencies at least once a month, hold janta darbar there, hear the problems of public and try to remove them. Otherwise it will be difficult for Modi Sarkar to run successfully.

Those ministers who create prejudices on the basis of religion, caste and because of differences between Hindu and Muslim, should be expelled from the party.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

Some question from Modi Ji :-

On the basis of being citizen of India and a member of the B.J.P. I would like to question Modi ji.

Modi ji made a point in his speech that he was a tea seller and he has witnessed poverty.

If you had been a tea seller, then why did not you think about removing the poverty of a tea seller and ordinary poor men?

By thinking from this point of view that he get mouth full to eat in peace.

A poor man who sits polishing shoes in heat and cold the entire day. Why was not it thought to relieve his poverty and help him afford food essentials (like dal, rice, milk and sugar)

What does a cobbler earn in a single day? How can he offer 30/--35/- rupees kg potatoes, 35/- rupees kg sugar and 48/- rupees kg milk etc.

How can he pay the electric bill? How can he get his children educated? Have you got a reply. If you had witnessed poverty. You must have seen a daily labourer in search of employment on daily basis.

What have you thought about removing that poverty?

You said that my mother cleaned utensils in people's homes, What have you thought for those mothers and sisters who make a living by cleaning utensils in people's homes and mopping. How can you resolve their problems of poverty or how can will they get square meals.

You said I am coming in your midst as a servant. If you have witnessed poverty then what kind of service is this that the poor public think several times before buying 1 kg potatoes and milk.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

On what area should the rail minister concentrate :-

Your rail minister increase the rail fare during 1st budget. You know that a poor man stands in a 4-5 hours on the rail way platform. Then he gets a space to board the train. If your minister had increased the fare. He should have increase the fare of Rajdhani, Shatabdi A.C and Malgari trains.

By increasing the rail fare of sleeper, general class and monthly pass. Your ministers made fun of the poor. You and your minister did not understand the poverty of the poor man.

Have you asked the rail minister wether he has gone to the railway platform. The train gets late, gets cancelled, then the public Stand on the platform day and night long. What does it feel, there are no toilet and food facilities on the platform.

Take into consideration the case of New Delhi:-

There are food and toilet facilities on the 1st and 10th platform.

There are no such facilities on the rest of the platform. There are small children and heavy luggage along with the poor people. In such condition the males relieve himself on the railway track, but where should the females go? **I need an answer to this.**

I have a request that there should be toilet and food facilities on each platform of the country. If the poor gentry get all the facilities, then there would be, "Sabka Sath Sabka Vikas".

Has your rail minister ever travelled in an EMU train? Does the rail minister know what are the problems linked to passengers travelling by EMU.

The passenger board the EMU train from Delhi to Aligarh or Palwal. There is extraordinary crowd in the compartment.

There is no arrangement for women security. There are males in female compartment. If any passenger wants to use the toilet then where should he go? There is no toilet in EMU.

The people suffering from diabetes and prostrate suffer a lot.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

The thought of having a toilet in EMU train never entered a minister's mind.

How can such thoughts come? As such a minister never used an EMU train, when a minister tread on such thorny path, then how can minister get to know the pain caused by thorns.

There should be toilet and food facilities on each platform of the country.

There is a lot of dirt in and around the railway station. If we can resolve this problems only then there can be "Sabka Sath Sabka Vikas".

If a train gets delayed or cancelled, then there should be a facilities that it gets started at the right time.

For Example :-

If a train set out from new Delhi. If it is delayed by 6-8 hours then there should be a facilities to start the train from New Delhi station or any other station at correct time. Due to delay of train how many students miss their exam and how many patients suffer.

"if India follows time schedule then only can India progress."

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

How will the girl child get educated :-

There is a new campaign “save the girl child, educate the girl child”.

Are all your minister working on this campaign. Have your minister any plan to establish Rajkiya Balika Vidyalaya in every city.

Have your minister prepared any plan to make better education and health facilities available to poor girl child. The previous govt. had also made several plans but no work was implemented on any plan.

That’s why every poor has lost faith on all govt. But a poor tea seller renewed hope among the poor people.

If you have witnessed poverty, then what kind of work have you and your minister initiated in the area of education and health.

A country will progress if the poor progress.

A farmer progress only then a nation progress.

Request :- I request your ministers and MLA to visit their constituency and to develop relations with masses and redress their problems. They should make their day to day progress public online.

If Modi Sarkar wants to win in U.P and Bihar then each candidate should start working hard relevently.

The Modi Sarkar should remain away from gurus and babaas. Because they don’t have a good picture before the public.

Modi Sarkar should choose a party head in every demonstration and put the responsibility of the whole on his shoulders because Modi Ji can’t reach every corner of the state.

The party head should go with party workers and hold small Jan - sabha, hear public woes and redress them. If such a thing is not accomplished , then Modi’s vijay rath shall halt like it did in Delhi.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

If the party workers had done their work in their constituencies, heard public woes and redressed them, then there would have been Modi's Sarkar in Delhi.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

How can corruption and scams be reined :- (Suggestion)

The biggest question arises how to end corruption how to stop scams.

1. During whichever govt.'s tenure is there a scam or corruption. The head of that govt. or party should be immediately arrested. If it is central govt. then the prime minister should be apprehended and if it is state govt: then chief minister should be apprehended.

Whatever scam has occurred due to signature of the prime minister or chief minister that amount lost in scam should be recovered along with interest and brought before the public. Whether it is the prime minister or chief minister should be set life imprisonment.

2. The minister under who's ministry scam takes place, the amount in the scam should be recovered from that minister along with interest and should be brought before the public also. The minister should get life imprisonment.

3. The officer who does fraud should be made to pay the said amount of scam money with interest and should get life imprisonment.

4. There should not be any legal battle in the case of any minister, officer, peon or state head on the other hand simply life imprisonment. Because the meaning of a legal battle implies life time security of the minister, leader, officer or peon. The minister or leader or officer may die but the court case may not end.

5. If a gram pradhan, Block pramukh or any officer and employee indulges in corruption or scam, the apprehended money along with the interest should be recovered from him and he should be given life imprisonment.

6. If the scams committed by the previous govts. appear before the public and the money is recovered from them, with interest. No public will remain poor.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

Types of corruption:-

Property in excess of income (it is also a corruption) :- whatever minister, officer, govt. employee or business man found in possession of money and property in excess of his income should be recovered from him along with the interest and he should get life imprisonment. Every one knows that today's ministers, leaders, officers and govt. employee have income beyond his means, yet no one takes strict action. Why?

Today all ministers and officers occupying prominent positions have money in excess of their means yet the ruling govt. has nothing to do with the matter because one which is in rule would do the same thing which these ministers and officers do. So what is the point of proper action?

When a party goes out of power or forms the opposition, it remembers the fraud and scam committed by the govt. in power. But as soon as party comes into power it forgets all the frauds and scams and get involved in scam and fraud. This is the reason why the country's poor man is getting poorer. He is wandering door to door in search a single piece of bread. The politician, govt. officials are getting richer.

The money looted from the poor people is seen donated in the temples, Asharams of the Babas by businessman, politician, the guilty and govt. officials.

The money accumulated through corruption, scams or tax evasions by politician, govt. official and business man is donated in the form of very small amount in temple, pilgrimages and guru Asharam. Which other wise amount to cross and kilos gold and silver.

A businessman and govt. official donates crores of rupees and several kilos gold and silver which is just a small portion of the looted money. It is unimaginable how much money, gold and silver would be in possession that businessman, politician and govt. official.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

After independence no govt mode investigation into this donated money nor only investigation agency did the same as to from where is this donated money coming from and whether this money is being put to any beneficial use or not.

This is a misfortune of our country. A Guru, God, Saint does not need any donation. Then why all this. From where does so much wealth comes and where does it go, one does not know. One side there is no means of obtaining education in the country. There is no medical means. There are no means of employment. There is no drinking water and not even basic bread, one does not have clothes to cover one's body.

On one side so much wealth, gold and silver is being donated and is getting accumulated because of scams and corruption.

What kind of tragedy is this.

How will the dream of Sbka Sath Sabka Vikas be realized? How will India progress? I have a request to you Modi ji that whatever wealth has been looted due to corruption and scams. Whatever black money has been donated in the temples and ashrams or is locked in treasuries in the temple and ashrams. If it finds a way to appear before the Indians public, then the public of India shall become wealthy and every citizen shall become literate and respectable. India shall be most prospers country in the world. India shall have so much wealth that it can lend so much wealth to the world bank.

World over there is transaction in US dollar, then the world will forgot the dollar and just remember Indian rupee, and will transaction in Indian rupee.

There will be no unemployment, murders, rapes and thefts in India.

Then India will emerge as vishwa guru, The question will arise weather Modi govt. shall be able to achieve all this.

I would request to all Indians. That they should come together and help each other in making India the vishwa guru. Today there is Modi govt. , tomorrow there will be some other govt. they should help that govt.

Then only will Sabka Sath Sabka Vikas be realized. Then only shall India progress. Only then can the girls saved or can be educated.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

How to make the country prosperous:-

There is another way to build the country prosperous and a vishwa guru.

No states and central govt. need to give anything free to anybody. The capacity of work ends. If one gets any thing for free. The desire to achieve something big and to do something new ends. The govt. should provide free education and make it compulsory for all. When the country's each citizen will educated/ literate, then he will definitely achieve something new, big and extraordinary.

Don't make meals available to ministers almost free of cost. Because of this the desire and energy to work ends. He is not able to detect the poverty of the poor. He does not see anybody poor.

Today a minister obtains a meal in mere rs. 29/- only.

Whereas, the common man in India shall not get one kg milk in rs. 29 which otherwise costs rs. 48/- per kg, nor shall obtain a kilo of rice which cost Rs 30/- per kg.,

Nor will a poor man get a kilo of atta which cost Rs. 30/- kg.

Nor will he got a kilo of Daal which cost Rs. 100/- kg.

Until minister keep getting meals, electricity, water and other necessary facilities at almost free prices, then how can they think about the poor man of Indian, because of the stomachs of the ministers are full. A labour digs up the road under blazing sun for the sake of satisfying his hanger pangs.

A mother lays her child down for hours under the blazing sun in order lift heavy bricks, there after she is able to manage anything. Then also is not she able to get a stomach full meals.

Similarly if the supply of free facilities to ministers are stopped and they have to go to the market to fetch their own things, then they shall realize that a kilo of milk can't be afforded in rupees 29/- nor Atta, Chawal or Daal.

Then the ministers shall realize what kind of in justice is being meted out to the common man on one side, the common poor man is struggling against hunger and on the other side ministers are enjoying luxurious meals at the cost of the poor man's soul. What kind of a mal-administration is this?

How will Sabka Sath Sabka Vikas.. ??

How shall India progress ...??

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

How shall the girl child be educated?

How shall the girl child be saved ... ??

I request to Modi ji that if he really wants to free India from poverty, then he should first end this mal – administration. Whether it is a minister or a poor citizen of the country, every one should be treated in equal conditions and meted out the same law. It should be ensured that nobody should get anything free.

When there shall be similar kind of law meted out to every body.

When everyone shall enjoy similar means of filling their stomachs, then there shall be “sabka sath sabka vikas” and India shall truly progress.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

A polite request to every citizen of India :-

I request all Indians that they recognize their own strength and wake up from their sleep because govts. Come and go. There shall be donations offered in ashrams and temples similarly.

There shall be similar kinds of frauds. The poor man of the country shall keep shifting towards poverty in similar kind of condition.

The minister shall be enjoying such a free meal, by getting free facilities, shall keep making fun of the poverty of the common man of India.

God does not need any money. A true guru does not need money. A minister gets his salary, he should not commit fraud.

Then why this mal- administration?

All citizen of country would have to think deeply and find out ways by following which one can tackle these mal- administrations. When all citizens, officials and ministers shall be honest by themselves, then there shall be no poor man, nobody hunger and nobody unemployed. There shall be no illiterates in our country. Then there shall be “Sabka Sath Sabka Vikas”, when everyone shall have similar means. Then shall every citizen of India be respectable, then India shall be the wealthiest Nation of the world, and India shall be recognized as vishwa guru.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

The biggest reason of corruption and scam:-

Lack of proper educational qualification of a political leader.

There is a specification of educational qualification right from peon to highest officer like IAS. There is an entrance exam and interview for this, but see the irony in India that the head of a ministry does not need any specific qualification or entrance exam to manage a peon to an IAS officer.

He does not need any experience and qualification.

If it is not the misfortune of the country then what is it?

This is the misfortune of our country that a poor man of the country has to knock door to door for a single bread.

When a person submits his requirement for a job of a peon or sales man in a govt. and private sector, he is given a specification of educational qualification and work experience.

But there is no specified educational qualification and work experience for a political leader in our country. Why so??

A soldier who guards inside the country as well as the border need to pass many exams like physical, written, as well as interviews. There is no qualification for a minister of a country. This is the misfortune of the country.

I have a request to Modi ji to employ the above given suggestion in order to free the country from corruption.

MANN KI BAAT MODI JI KE SATH

(A HEART WARNING TALK WITH MODI JI)

The educational qualification of minister:-

The educational qualification for minister should be such –

- 1 Minister:- Post graduate/Dr./PHD/Engineers, LLB., MBA,LLM
In relation to the employed division and area of work.
- 2 Gram pradhan, panchayat pramukh, block pramukh, ward member, mayor should be graduate.
- 3 Only that minister works above an IAS who is at least parallelly qualified to the IAS officer or above him.

Only that minister can manage a ministry who has done deep research work related to that subject and ministry.

Like a cycle repairer cannot repair an aero plane.

A utensil cleaner cannot iron clothes with perfection.

A sales man cannot act as a principal of a school.

Similarly, A less educated cannot understand the glory of a ministerial post, he cannot be honest to words his ministry. He cannot be dedicated to his ministry and country.

How can a country free itself of corruption?

If we have to free the country of corruption, then the minister needs to be well - educated, honest and dedicated to preserve the glory of India.

Jai Hind Jai Bharat

Citizen Of India

Vikas Kaushik
